

HOW TO ACTIVATE YOUR RULE THE WAVES 2 GAME

After installation the game can be played for 4 days before it must be activated, but you should activate it before the 4 day demo period in order to avoid a lapse in play ability.

(1) Copy and paste the Site Code and MID Codes into an email, add -Site/MID codes for RTW2- to the email subject line, and email it to: warshipfc@yahoo.com
You will then be send back, via email, a Serial number and an Activation code. This process normally takes about 24-48 hours.

The Serial number is shown first in the email we send you, followed by the Activation code.

PLEASE RETAIN THESE NUMBERS AS THEY MAY BE NEEDED IN THE FUTURE!

(2) After you receive the email with your codes, start the RTW2 game & make sure that the -Unlock application- box is checked.

(3) copy & paste your Activation Code into the box shown on the activation screen, (The activation code is the longer of the two codes)

(4) copy & paste your Serial Number into the box shown on the activation screen, (The serial number is the shorter of the two codes)

(5) click the -Continue- button to complete activation of the game!

NOTE: Adding/pasting the store order number from your RTW2 purchase to the email will help speed up the activation process. The store order number will look something like this: RXXXXXXXX (where X is a number).
